

## KTP Associate - KTN Guidelines for Case Study / Profile

We really appreciate you taking the time to provide us with information about yourself and your KTP project. These questions provide a framework to help create a profile of your KTP role which we will feature in publicity channels for KTP.

In showcasing KTP Associates' work we aim to help raise awareness of the opportunities the role presents for talented grads/post grads who may be looking for a career platform and not be aware of this one!

Do feel free to add any supplementary / alternative information if the questions don't give you the opportunity to accurately reflect what you see as the key factors about the role/your experience. And don't feel you have to complete all the questions - if you prefer, just pick and choose those which best summarise your KTP experience.

Please complete the following and return to [ktpenquiries@ktn-uk.org](mailto:ktpenquiries@ktn-uk.org). Once submitted, we will assume that we have approval to edit and publish this information. Please also provide an image of yourself - preferably in a work situation. Landscape format please, as hi res as possible.
